

# Sixes PTA

*Welcomes You!*

Join the Sixes PTA and become a member of an active volunteer organization committed to enriching the academic and social experience of all Sixes students and their families. Sixes PTA provides financial and volunteer support for a wide variety of school based activities and programs aimed at building a strong school community, promoting student achievement, and supporting academic programs. There is no time commitment required to join PTA. We hope you'll join to get involved, or simply to show your support for the goals we plan to accomplish this year.
